www.sarahcare.com

Sarah Care Adult Day Center offers seniors a home away from home for their caregiving needs. It bridges the gap between independence at home and the need for assisted living or nursing home care. Located in Allentown, our professionally staffed day center connects seniors to a community of their peers in a safe and loving environment; an environment that feels like home. Friendships develop, needs are met, and seniors are able to stay in their own homes longer. Activities that are appropriate to their age, ability and interest are of paramount importance. Dignity and respect are the cornerstone of our caregiving. Assistance with personal care needs, medication management, nutritious meals and socialization are just a few of the services we provide. However, the genuine care comes from the qualified and well-trained staff. In many ways, they become an extension to the family and care for the clients the same way one would care for their own – with love and joy. Home isn't just a place – it's a feeling. And Sarah Care feels like a place to call home. SarahCare also offers SarahCare at Home. Personal care aides that assist with activities of daily living.

Pathstones by Phoebe is licensed by the Pennsylvania Department as a continuing care retirement community "without walls." Individuals must live in Pennsylvania to become a member, however, after 1 year, benefits apply to anywhere in the continental US.

SENIOR SAFETY NET FUND

A Helping Hand When It Matters Most

Sometimes, a little help can make a big difference.

The Lehigh Valley Aging in Place Senior Safety Net Fund provides short-term assistance to older adults facing urgent needs that aren't covered by traditional assistance programs.

From essential medications and transportation to food, utilities, emergency respite care, and home safety improvements, the fund helps seniors remain safe, stable, and independent.

Together, we can make sure no senior faces unexpected challenges alone.

Know a senior who needs assistance? Want to make a difference?
